

# PATENT FORM

## Invention Disclosure Form

The following is a disclosure of an invention, which reasonably appears to qualify for patent protection, hereinafter referred to as “invention,” to be filled in by the inventors.

**1. Title of Invention:**

**2. Describe the invention.** *Is the invention a new process, composition of matter, device or product, system, software, or a combination of these elements? Does the invention provide a new use for, or an improvement to, an existing product or process?*

**3. From the description, identify and provide a detailed description of specific novel and unusual features.** *How does the invention differ from present technology? What problems does it solve, or what advantages does it possess?*

**4. Describe uses, applications and benefits of the invention.** *What are the possible uses for the invention, particularly the major application(s)*

**5. Characterize disadvantages and limitations of the invention.**
